

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Eastern Shore Natural Gas Company

Docket No. CP17-28-000

NOTICE OF AVAILABILITY OF THE
ENVIRONMENTAL ASSESSMENT FOR THE PROPOSED
2017 EXPANSION PROJECT

(May 12, 2017)

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the 2017 Expansion Project, proposed by Eastern Shore Natural Gas Company (Eastern Shore) in the above-referenced docket. Eastern Shore requests authorization to construct and operate pipeline facilities in Pennsylvania, Maryland, and Delaware. These facilities would include six pipeline loop segments totaling 22.7 miles; one 16.9-mile-long mainline extension; upgrades to an existing meter and regulator station; installation of an additional 3,750 horsepower (hp) compressor unit at an existing compressor station; and the addition of two pressure control stations.

The EA assesses the potential environmental effects of the construction and operation of the 2017 Expansion Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Army Corps of Engineers and the U.S. Department of Agriculture Natural Resources Conservation Service participated as cooperating agencies in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

The proposed 2017 Expansion Project includes constructing and operating the following facilities:

- pipeline loop segments (10-, 16-, and 24-inch-diameter) totaling 22.7 miles in the states of Pennsylvania, Maryland, and Delaware;
- one 10-inch-diameter 16.9-mile-long mainline extension in Sussex County, Delaware;
- upgrades to an existing meter and regulator station and lateral piping at the

- existing interconnect with Texas Eastern in Lancaster County, Pennsylvania;
- installation of an additional 3,750 horsepower (hp) compressor unit at the existing Daleville Compressor Station in Chester County, Pennsylvania; and
 - addition of two pressure control stations in Sussex County, Delaware.

The FERC staff mailed copies of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; newspapers and libraries in the project area; and potentially affected landowners and other interested individuals and groups.

In addition, the EA is available for public viewing on the FERC's website (www.ferc.gov) using the eLibrary link. A limited number of copies of the EA are available for distribution and public inspection at:

Federal Energy Regulatory Commission
Public Reference Room
888 First Street NE, Room 2A
Washington, DC 20426
(202) 502-8371

Any person wishing to comment on the EA may do so. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before **June 12, 2017**.

For your convenience, there are three methods you can use to file your comments to the Commission. In all instances, please reference the project docket number (CP17-28-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502-8258 or FERCOnlineSupport@ferc.gov.

- (1) You can file your comments electronically using the [eComment](#) feature on the Commission's website (www.ferc.gov) under the link to [Documents and Filings](#). This is an easy method for submitting brief, text-only comments on a project;

- (2) You can also file your comments electronically using the [eFiling](#) feature on the Commission's website (www.ferc.gov) under the link to [Documents and Filings](#). With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on “[eRegister](#).” You must select the type of filing you are making. If you are filing a comment on a particular project, please select “Comment on a Filing”; or
- (3) You can file a paper copy of your comments by mailing them to the following address:

Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street NE, Room 1A
Washington, DC 20426

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214).¹ Only intervenors have the right to seek rehearing of the Commission's decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but **you do not need intervenor status to have your comments considered.**

Additional information about the project is available from the Commission's Office of External Affairs, at **(866) 208-FERC**, or on the FERC website (www.ferc.gov) using the eLibrary link. Click on the eLibrary link, click on “General Search,” and enter the docket number excluding the last three digits in the Docket Number field (i.e., CP17-28). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

¹ See the previous discussion on the methods for filing comments.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Kimberly D. Bose,
Secretary.
